Reply Nick November 15, 2008 at 9:23 pm. I am looking for a wiring diagram of the stock radio on the 2008 Ford Focus S model. I want to hook up an amp and sub, and I know I need to use a line output converter, but I need to find out what wires to use for the rear left and right (positive and negative) and the accessory turn on lead.

Comprehensive NCLEX Questions Most Like The NCLEX

There is a yellow connector beneath the seat, this houses all the connections to the seat pad sensor and links its signals to the ABCM. It is very common for the wires to and around this connector to break (seat-side) as they are very fine conductors indeed and this is compounded by a slight design flaw, in that the cable that enters the seat base to the matrix is tie-wrapped to a metal seat ...
