If your Bronco's wiring is fried, Tom's Bronco Parts can help. We offer complete Centech body wiring harnesses, the most affordable, high quality & easy to use wiring harness on the market for early Broncos. If you just need to repair a small section of your wiring, we also offer a variety of replacement pigtails for common areas of concern.

Wiring Harness & Pigtails - Toms Bronco Parts

KB520 General DCC Power Supply Information. There are many transformers and power packs that can supply input power for Digitrax boosters & command stations. Most regular DC train control packs do not have enough power to supply the full power potential of the a 5 or 8 amp booster, since they were designed to only run 1 locomotive in a blocked system.

Layout Power and Wiring - Digitrax, Inc.

Rated 5 out of 5 by Kevin80 from Good product but does not fit Freewheeler I put the airwing rack on the freewheeler and added the led light to the rack. After mounting everything and running the wires, the Y adapter does not plug into the freewheeler. The Y adapter is a 6 pin plug and the rear light harness on the freewheeler is an 8 pin plug.
