Shed Consumer Unit Wiring Diagram - vivresaville.com

We moved into this 2007-built house a few months ago and I'm trying to document the actual wiring, as opposed to what the labels on the CU claim. I've discovered something that I don't particularly like and would value your thoughts. I'm no spark, just a DIY-er. There's a 16A breaker in the CU labelled "boiler and garage door".
